Grafenberg, Germany, December 02, 2020. RAMPF has been awarded the “BFK – Gesundes Unternehmen” quality label for its occupational health management program. The Group provides its employees with numerous offers for health promotion and implements preventive and occupational safety measures.

Leads a healthy group of companies – RAMPF CEO Michael Rampf (left) receives the “BFK – Gesundes Unternehmen” quality label from Jochen Mutschler, CEO of PT Fitness Club Reutlingen, one of the partners of RAMPF’s occupational health management program.

“At RAMPF, the focus is on people. Our health management program is an important part of this claim, as we support our employees to stay healthy, productive, and creative,” says Michael Rampf, CEO of the RAMPF Group.

The “BFK – Gesundes Unternehmen” certification confirms that RAMPF is implementing measures for occupational safety, mental health risk assessment, and DGUV II (accident prevention regulations), as well as providing an occupational health management and a health promotion program for its staff.

The RAMPF occupational health management program introduced at the German locations in 2016 includes, among others, events and lectures on health-related topics, gymnastics courses and massages during the lunch break, as well as the free provision of fruit and mineral water. In addition, employees have the opportunity to exercise in selected gyms.

The RAMPF Group stands for **engineering and chemical solutions** and caters to the economic and ecological needs of industry.

The range of competencies includes:

- > production and recycling of **materials** for modeling, lightweight construction, bonding, and protection;
- > technical **production systems** for precise, dynamic positioning and automation, as well as technologies for complex composite parts production;
- > comprehensive range of **solutions and services**, particularly for innovative customer-specific requirements.

With this know-how, RAMPF helps its customers to achieve profitable and sustainable growth.

The Group secures its presence on the international markets with more than 900 employees and six core competencies:

- > **RAMPF Machine Systems** based in Wangen (Göppingen), Germany, develops and produces multi-axis positioning and moving systems, trunk machines, and basic machines based on high-precision machine beds and machine bed components made from alternative materials.
- > **RAMPF Production Systems** based in Zimmern o. R., Germany, develops and produces mixing and dispensing systems for bonding, sealing, foaming, and casting a wide variety of materials. The company also offers a wide range of automation skills relating to all aspects of process engineering.
- > **RAMPF Composite Solutions** based in Burlington, Ontario, Canada, is a holistic composites supplier to companies in the aerospace and medical industries. The company offers a complete suite of services including composite part design and engineering, metal-to-composite conversion engineering, and composite manufacturing to very tight tolerances.
- > **RAMPF Eco Solutions** based in Pirmasens, Germany, develops chemical solutions for the manufacture of high-quality alternative polyols from PU and PET waste materials. This expertise is also put to use in the planning and construction of customer-specific facilities for manufacturing polyols.
- > **RAMPF Polymer Solutions** based in Grafenberg, Germany, develops and produces reactive resin systems based on polyurethane, epoxy, and silicone. Its product portfolio includes liquid and thixotropic sealing systems, electro and engineering casting resins, edge and filter casting resins, and adhesives.
- > **RAMPF Tooling Solutions** based in Grafenberg, Germany, develops and produces board and liquid materials for cutting-edge modeling and mold engineering. The range of skills includes made-to-measure services and products such as pastes, large-volume and full-size castings for Close Contour models, and prototyping systems.

RAMPF has subsidiaries in Germany, the U.S., Canada, Japan, China, and Korea.

All RAMPF companies are united under a holding company – RAMPF Holding GmbH & Co. KG – based in Grafenberg, Germany.
