Page 1 of 3

Grafenberg, Germany, April 4, 2022. The international RAMPF Group has updated its website with the goal of further improving the customer journey – www.rampf-group.com is now live!

Better usability, easier navigation, progressive design – an exciting and at the same time convenient customer journey was the focus of the revision of the RAMPF website.

Products

Products are classified according to applications and core competencies, which provides a quick overview of the portfolio of the RAMPF companies. In addition, the clearly defined product areas make it easier to navigate within the specific categories.

Navigation

The clearly designed navigation structure ensures that users always have an overview of where they are in the navigation. It also prevents them from unintentionally clicking out of the section they are in.

Color Scheme

The new color scheme structures the page in a visually appealing way and also supports users with targeted navigation, for example with buttons and backgrounds that are colored according to the function.

Mobile usability

Exciting Customer Journey

Better usability, easier navigation, progressive design – the new RAMPF website is live!

Whether smartphone or tablet – the content of the new RAMPF website is always ideally displayed, operation is simple and intuitive.

Contact Form

The easy-to-find contact form is automatically filled out with the correct contact person once the user has decided on a product area. In addition, the interactive overview of all locations and partners has been optimized, also making it easier to find international contacts.

Check it out – www.rampf-group.com!

Exciting Customer Journey

Better usability, easier navigation, progressive design – the new RAMPF website is live!

www.rampf-group.com

The RAMPF Group stands for **engineering & chemical solutions** and caters to the economic and ecological needs of industry with six core competencies:

- > **RAMPF Machine Systems** based in Wangen (Göppingen), Germany, develops and produces multi-axis positioning and moving systems, trunk machines, and basic machines based on high-precision machine beds and machine bed components made from alternative materials such as mineral casting, ultra-high performance concrete, and hard stone.
- > **RAMPF Production Systems** based in Zimmern o. R., Germany, develops and produces production systems with integrated dispensing technology for bonding, sealing, foaming, and casting a wide variety of materials. The company also offers an encompassing range of automation solutions relating to all aspects of process engineering.
- > **RAMPF Composite Solutions** based in Burlington, Ontario, Canada, is a holistic composites supplier to companies in the aerospace, defense, transportation, medical, and green technology industries. The company offers a complete suite of services including composite part design and engineering, and metal-to-composite conversion engineering.
- > **RAMPF Eco Solutions** based in Pirmasens, Germany, develops chemical solutions for the manufacture of high-quality recycled polyols from polyurethane and PET waste materials. This company also designs and builds customized multi-functional plants for customers for the manufacture recycled polyols.
- > **RAMPF Polymer Solutions** based in Grafenberg, Germany, develops and produces reactive resin systems based on polyurethane, epoxy, and silicone. Its product portfolio includes liquid and thixotropic sealing systems, electro and engineering casting resins, edge and filter casting resins, and adhesives.
- > **RAMPF Tooling Solutions** based in Grafenberg, Germany, develops and produces board and liquid materials for cutting-edge modeling and mold engineering. The range of skills includes made-to-measure services and products such as pastes, large-volume and full-size castings for Close Contour models, and prototyping systems.

RAMPF has more than 850 employees and subsidiaries in Germany, the United States, Canada, Japan, China, and Korea.

All RAMPF companies are united under a holding company – RAMPF Holding GmbH & Co. KG – based in Grafenberg, Germany.
