**Grafenberg, Germany, July 13, 2022. The Rudolf Rampf Foundation is awarding \$9,500 to clubs and projects for the advancement children and youths in Grafenberg.**

Impressive performances – the circus project at the Grafenberg primary school was a great success, as company and foundation founder Rudolf Rampf (second from right) and RAMPF CEO Michael Rampf (right) saw for themselves on site. The five-day event is supported by the Rudolf Rampf Foundation with \$1,000. Photo: Sander

The Rudolf Rampf Foundation was founded in 2001 to support young people in Grafenberg on a non-profit basis. In particular, the education of children and youths in music clubs, sports clubs, and general youth work in the municipality of Grafenberg are promoted.

Funds generated from the foundation capital is channeled into the youth work of local clubs and the community, and into projects that benefit young people. A total of \$117,115 has been distributed since the foundation was set up.

In 2022, a record amount of funding will be awarded. \$9,500 are distributed as follows:

> TSV Grafenberg Soccer	\$2.000
> TSV Grafenberg Karate	\$1.000
> TSV Grafenberg Track & Field	\$350
> Tennis Club Grafenberg	\$2.000
> Music Association Grafenberg	\$600
> Harmonica Orchestra Grafenberg	\$900

\$9,500 for the advancement of children and youths in Grafenberg

- > Grafenberg Grant for Musical Instruments      \$900
- > Grafenberg Grant for School Circus Project      \$1.000
- > Grafenberg Grant for School Garden Project      \$750

Foundation founder Rudolf Rampf – “Children and youths in particular have had to forgo many activities in the past two years due to corona-related restrictions. That's why I'm all the more happy that the clubs are in full operation again. In addition, numerous projects for children and young people have been initiated, including the primary school's circus project and the so-called instrument carousel. I would like to thank all clubs and organizations as well as volunteers who are committed to helping children and youths in Grafenberg.”

The RAMPF Group stands for **engineering & chemical solutions** and caters to the economic and ecological needs of industry with six core competencies:

- > **RAMPF Machine Systems** based in Wangen (Göppingen), Germany, develops and produces multi-axis positioning and moving systems, trunk machines, and basic machines based on high-precision machine beds and machine bed components made from alternative materials such as mineral casting, ultra-high performance concrete, and hard stone.
- > **RAMPF Production Systems** based in Zimmern o. R., Germany, develops and produces production systems with integrated dispensing technology for bonding, sealing, foaming, and casting a wide variety of materials. The company also offers an encompassing range of automation solutions relating to all aspects of process engineering.
- > **RAMPF Composite Solutions** based in Burlington, Ontario, Canada, is a holistic composites supplier to companies in the aerospace, defense, transportation, medical, and green technology industries. The company offers a complete suite of services including composite part design and engineering, and metal-to-composite conversion engineering.
- > **RAMPF Eco Solutions** based in Pirmasens, Germany, develops chemical solutions for the manufacture of high-quality recycled polyols from polyurethane and PET waste materials. This company also designs and builds customized multi-functional plants for customers for the manufacture recycled polyols.
- > **RAMPF Polymer Solutions** based in Grafenberg, Germany, develops and produces reactive resin systems based on polyurethane, epoxy, and silicone. Its product portfolio includes liquid and thixotropic sealing systems, electro and engineering casting resins, edge and filter casting resins, and adhesives.
- > **RAMPF Tooling Solutions** based in Grafenberg, Germany, develops and produces board and liquid materials for cutting-edge modeling and mold engineering. The range of skills includes made-to-measure services and products such as pastes, large-volume and full-size castings for Close Contour models, and prototyping systems.

RAMPF has more than 850 employees and subsidiaries in Germany, the United States, Canada, Japan, China, and Korea.

All RAMPF companies are united under a holding company – RAMPF Holding GmbH & Co. KG – based in Grafenberg, Germany.
