Grafenberg, Germany, July 18, 2025. With creativity, a touch of humor, and a fresh perspective, the international RAMPF Group today officially presents its new corporate image film. It offers an engaging and modern take on what the company stands for – and what it delivers to its customers, partners, employees, and society at large.

The new film follows in the footsteps of its well-regarded predecessor, which for many years successfully conveyed the RAMPF story. Replacing it was no small task. RAMPF CEO Michael Rampf – “We asked ourselves: How can we tell the RAMPF story in a completely new way? How can we show not just what we do, but why we do it – and for whom?”

The result is a dynamic and entertaining film that reflects the company’s values, innovative spirit, and commitment to sustainability and collaboration. It highlights RAMPF’s diverse portfolio and global presence while staying true to its roots as a family-owned business.

The new RAMPF image film in numbers:

- 6 days of filming
- 10 locations
- 20 scenes
- 1.67 terabytes worth of data
